Directory of State and Federal Legislators (2010-2011)

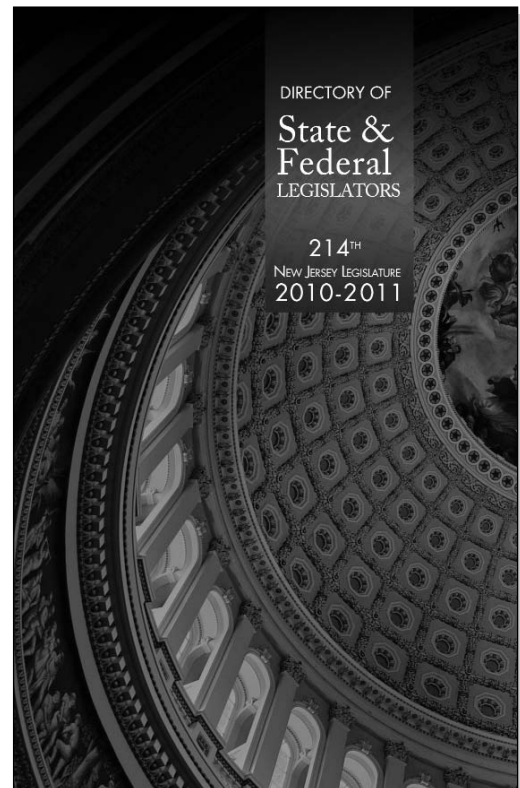

PRODUCED BY: New Jersey Hospital Association

The New Jersey Hospital Association acts as an advocate for its membership in government affairs matters, and is charged with representing its members' interests in both Trenton and Washington. As a cornerstone of its advocacy efforts, the New Jersey Hospital Association has composed this directory of federal and state legislators.

This guide contains a listing of federal and state legislative contacts and guidelines for contacting those officials. You'll have their address, phone, fax and e-mail information, so contacting them is quick and efficient. For easy reference, we have also included each hospital's state and federal district.

Now that you're patched in to the industry, do you need to contact someone at NJHA? The staff roster is also a part of this extensive guide. An easy to use listing can put you in touch with the appropriate person on the first try. This is your best resource for who's who in the state and federal government, and at NJHA.

Act now, the supply is limited.
