Counter-Terrorism/Medical Disaster Preparedness: A Pro-Active Approach

The mission of this symposium is to educate the public on counter-terrorist prevention strategies and disaster response; this symposium will have a particular emphasis on response resources, looking at real scenarios run in a major medical center environment.

The latest in a series of seminars hosted by the NJ Marine Corps Reserve Association/ Military Order of the Purple Heart focusing on different aspects of terrorist prevention and disaster response. See contact information below and on back for information regarding registration, target audiences or previous seminars (i.e. speakers, topics, certifications and training).
