COURSES

The Treatment of Chemical Agent Casualties Course - Correspondence course offered by the Naval School of Health Science.

Uses the Army Field Manual 8-285 - Treatment of Chemical Agent Casualties and Conventional Military Chemical Injuries which is available full-text on the website as text. Open to civilians.

Information:

<http://www.nshspts.med.navy.mil/corres/chemical/download.htm>

Medical Management of Chemical and Biological Casualties (MCBC) - Inhouse Course and as Videotape Course

Course conducted by US Army Medical Research Institute of Chemical Defense (USAMRICD) and the US Army Medical Research Institute of Infectious Diseases (USAMRIID) for physicians, nurses, and other medical professionals. No fee but advance registration required.

Information: (410) 436-2230 or <http://chemdef.apgea.army.mil>
