

CURRENT COLLABORATIVE NEWS

On October 21, the N.J. Sepsis Collaborative webinar focused on “Diagnosis and Management of Sepsis in Children” featuring Margaret M. Parker, MD, MCCM, Professor of Pediatrics, Stony Brook University. Dr. Parker provided an overview of evidence and best practices related to the early identification and treatment of sepsis in the pediatric population.

SPOTLIGHT ON SEPSIS

Mark your calendar and please join us:

**New Jersey Sepsis
Learning-Action Collaborative
Face-to-Face Meeting**

Dec.3, 2015

*New Jersey Hospital Association
Princeton, NJ*

In addition to presentations from faculty and team storyboards, we will have a robust panel discussion about the different roles of healthcare providers in sepsis quality improvement.

Topics for the day will include:

1. Discuss the current state of severe sepsis collaborative activities in New Jersey
2. Recognize the challenges of the 6-hour severe sepsis treatment bundles and strategies to improve compliance
3. Understand the current severe sepsis treatment bundle and mortality data trends for New Jersey hospitals
4. Discuss the difference roles of healthcare workers in a sepsis improvement program
5. Plan for ongoing implementation of sepsis best practices within healthcare settings.
