

Toolbox for 2014

A Resource Guide for Healthcare Providers

We have resources to help you achieve your goals. The 2014 Toolbox is created to match your needs.

- **A Quick Guide: FEMA Reimbursement for Acute Care Hospitals** go to www.surveymonkey.com/s/FEMAHospitalGuide, please complete a short survey and upon submission you will be directed to the “A Quick Guide: FEMA Reimbursement for Acute Care Hospitals” (PDF)

Access an acute care hospital specific guide that provides an overview of FEMA's reimbursement process and outlines tasks and corresponding timelines that must be met by acute care hospitals to successfully apply to FEMA for reimbursement of disaster related expenses

- **New and Revised Clinical Guidelines for Biological, Chemical, Trauma/Burn and Radiation events** with the most current and updated information available. Hospitals must be prepared to respond quickly to Chemical, Biological, Trauma / Burn and Radiation events in mass casualty situations, [click here](#) to access.
- **Behavioral Health United States 2012** was released by the Substance Abuse and Mental Health Services Administration (SAMHSA) (www.samhsa.gov) in November 2013. This report details national statistics on behavioral health for the nation. It also discusses how the Affordable Care Act affects behavioral health. To access the report, [click here](#).
- **Pediatric Preparedness Resource Kit** was released by the American Academy of Pediatrics (AAP), in partnership with the Centers for Disease Control and Prevention, The purpose of the kit is to promote collaborative discussions and decision-making among pediatric and public health leaders about pediatric preparedness planning. While inspired by the 2009 H1N1 pandemic, most strategies are applicable to all-hazards disaster planning. You can get the report by [clicking here](#).
- **HSEEP April 2013 Revisions**
The new HSEEP guidance document has been consolidated into six chapters with updated templates and samples. New HSEEP concepts and terminology reflect the National Preparedness Goal and the National Preparedness System, including focus upon core capabilities and engagement with whole community stakeholders, [click here](#) to access.

- **HPP-PHEP CROSSWALK YNHHS-CEPDR: Your partner in achieving HPP and PHEP Capabilities** [click here](#) to access crosswalk

Review the Joint HPP-PHEP Program Requirements and see how we can help you meet them.

- **Hospital Resiliency and Critical Infrastructure Protection** [click here](#) for more information on business continuity and hospital resiliency

Identify the functions vital to ongoing operations of your facility and the impact disruption of these functions would have on your hospital, healthcare organization or other business

- **72-Hour Pre-Storm Hospital Checklist** [click here](#) to ensure your healthcare facility is ready for weather events. Planning is a key factor to ensure healthcare resiliency. The checklist may provide additional assistance in preparing for a disaster
- **Emergency Management, and Medical Web Sites** [click here](#) to see a compiled list of resources to use for emergency planning and in particular, Weapons of Mass Destruction (WMD) and medical emergency planning
- **International Glossary for Resiliency** [click here](#) to access the guide that guide is a set of standard terms and definitions for BCP that can “reduce confusion, remove inconsistencies, and facilitated coordination between parties. The guide is designed to improve communications and increase clarity across the business continuity community.
- **Emergency Management Career and Education Guide** [click here](#) to access career and education guides focused on public service and safety careers including firefighting, law enforcement, forestry, and paramedics to name a few. Each guide contains career and salary information, a school search tool, internships, scholarships, and other related educational information.

The Toolbox is updated regularly. Check back for the newest version.
