

When there's an emergency, you'll have information that will help emergency workers: Labels for Life.

### WHY WOULD I NEED A LABEL?

Accidents happen and emergencies occur when we least expect it. Labels for Life provide you with several ways to carry identification when you don't carry a wallet – or when you're too young to have one!

Be prepared.

Your spouse could be jogging in the park or strolling in the neighborhood. Your child could be playing outside away from home. An elderly family member could somehow wander away.

And they all need ID.

Make sure emergency personnel can quickly and properly identify you and your loved ones. When time is a critical factor, Labels for Life immediately provide medical warnings and important contact information.

With Labels for Life, you won't have to worry about identification.

### HOW DOES IT WORK?

There are two styles of handy tags. One tag clips on to chains, zippers, belt loops or just about anything. The other style ties into your shoelaces.

Just write the important information in waterproof ink on the back of the tag. You could also put a key or money in either style of tag. Then clip the tag onto your clothing or tie into your laces and you are ready to go.

Labels for Life is made possible through New Jersey Hospital Association's Council on Auxiliaries.

NEW JERSEY HOSPITAL ASSOCIATION  
760 Alexander Road  
PO Box 1  
Princeton, NJ 08543-0001
