Quality improvement hinges on applying best practices in situations that are challenging. This program focuses on the top 10 regulatory citations in nursing homes and assisted living communities with the aim of providing strategies that have been proven to work in addressing these citations – or in keeping facilities from experiencing citations altogether.

Objectives:

1. To understand the most common causes of deficiencies.
2. To learn the most recent guidance provided by CMS to state agencies.
3. To adapt best practices and other strategies that have been proven to work in key areas where deficiencies are being cited.

Target Audience:

Nursing home and assisted living administrators, directors of nursing, wellness coordinators, department directors

Continuing Education Credits:

This continuing education program is sponsored/conducted by the Health Research and Educational Trust and is in compliance with N.J.A.C. 8:34-7.3 to provide licensed nursing home administrator (LNHA) and certified assisted living administrator (CALA) education credits accepted by the Nursing Home Administrators Licensing Board. This education activity may only be used for continuing education credit and not to meet academic college credits.

This education activity has been approved for 3.0 LNHA/CALA credits.
