The Affordable Care Act: The Impact on Employers Today, Tomorrow and in the Future

*Presented jointly by the New Jersey Hospital Association and
Healthcare Financial Management Association – New Jersey Chapter*

Thursday, June 4, 2015

12 p.m. – 1 p.m.

As an employer, the Affordable Care Act (ACA) will impact how and if you provide benefits for your employees and ultimately, your bottom line. The ACA includes a variety of measures specifically for small businesses that help lower premium cost growth and increase access to quality, affordable health insurance. Depending on whether you are a self-employed individual with no employees or an employer with fewer than 25 employees, up to 50 employees, or 50 or more employees, different provisions of the Affordable Care Act may apply to you.

During this session, attendees will learn:

- Employer Shared Responsibility and Penalty Assessments
- Small vs. Large Employers, and their Responsibilities
- Special Classes of Employees and their Benefit Requirements
- Affordability Safe Harbors and How to Calculate Them
- Minimal Essential Coverage and Your Options
- Employer Benefit Reporting Responsibilities
- The Cadillac Plan Tax

Presenters:

Deirdre Hartmann, CPA
Nisivoccia LLP
