

# A MYRIAD OF ISSUES: Medicare's Maze of Rules and Regulations

## Strategies for Staying Ahead of the Curve

March 24, June 23, Sept. 29, and Dec. 15, 2016

LOCATION: New Jersey Hospital Association, 760 Alexander Road,  
Princeton, NJ.08540

### PROGRAM OBJECTIVES

**Coding, billing, compliance and a maze of changing Medicare rules and regulations** - the only way to implement a successful plan to balance it all is to work strategically to stay ahead of the curve. Coding and billing compliance is complicated and now more important than ever. Not only have quality and reimbursement issues been added to the mix, but now we continue to face new challenges with the implementation of the ICD-10-CM/PCS code sets.

Your timely and accurate submission of claims based on Medicare's changing rules is crucial to your bottom line. The billing data being submitted to Medicare and other payers is being scrutinized for accuracy and completeness. And, the Recovery Audit initiative intensifies your need to understand Medicare's coding and billing rules.

Now in its 12th year, this popular program, developed by NJHA Healthcare Business Solutions, is updated and offered quarterly throughout the year. Each unique program will provide a comprehensive overview of new and revised Medicare rules and regulations. Our expert staff will research, analyze and decipher the coding and billing rules and present them in a straightforward and organized manner cutting to the chase and presenting in simple terms what you really need to know. We will offer effective strategies on who in your hospital needs to be involved in implementing the changes. We will distribute actual transmittal text, sample policies and procedures and other information that will facilitate compliance with the numerous regulations.

Each quarterly program will address new, timely and evolving issues with its own list of agenda topics that are hot-off-the-press.

### WHO SHOULD ATTEND

Patient Financial Services Directors and billing staff, health information management directors, compliance officers and other key personnel involved in the revenue cycle process.

## PROGRAM SCHEDULE

For each program date:

**9:00 REGISTRATION &
