

Cross-Continuum Provider Networks in a Competitive, Performance-Driven Marketplace

Sept. 27, 2016

10:00 a.m. – 11:30 a.m.

Fee:

NJHA/LANJ Member: \$49/facility

Non-member: \$89/facility

OVERVIEW:

Accountable care organizations, managed care organizations, hospitals and others are seeking strategic partnerships as all are focused on the “Triple Aim” model of healthcare reform. Post-acute and other providers can no longer focus on just the operational metrics. Current and future partners will demand objective results and outcomes beyond discharge disposition and re-hospitalization rates. Providers will be expected to deliver clinical efficacy, efficiency and positive outcomes to justify and fortify long-term relationships. This webinar will focus on the key elements of care redesign and the expectations that await post-acute care providers in this rapidly changing healthcare delivery system.

OBJECTIVES:

1. To better understand the challenges of assembling a longitudinal care network, including how to execute on specific strategies required to succeed
2. To identify which of the performance metrics conveners are likely to assess; to evaluate which upstream/downstream partners will fortify your opportunity for success across the continuum
3. To embrace innovation in rehab and nursing services in a manner that effectively boosts clinical outcomes; to understand the impressive impact of these critical performance measures on financial results (case studies to be presented).

TARGET AUDIENCE:

Post-acute care (nursing facility, assisted living, home health agency, rehabilitation hospitals, long term care hospitals) managers and clinical leaders.
