and email data  
loss prevention

## **Eliminating Data Silos with the Zix Encrypted Network Webinar**

**Tuesday, October 4 at 11 a.m.**

*Data silos create a major risk for an organization.  
ZixCorp eliminates data silos.  
Period.*

Join NJHA Strategic Partner ZixCorp for an informative [webinar](#) on October 4 at 11 a.m. Learn how the Zix encrypted network can help minimize these risks and eliminate 3rd party portals, streamline communication and enhance security for your organization.

The Zix solution can help your hospital fill security gaps and improve daily operations. Find out how easily the Zix solution works in tandem with your data loss prevention software to ensure security and functionality are not jeopardized.
