Seminar	EDU 1739		

TeamSTEPPS™ is an evidence-based teamwork system aimed at optimizing patient outcomes by improving communication and teamwork skills among healthcare professionals. Through the use of a comprehensive set of ready-to use materials and a training curriculum, the implementation of TeamSTEPPS™ in any organization facilitates successful integration of teamwork principles into any healthcare environment.

OBJECTIVES:

1. State the role of teamwork and communication skills in creating a culture of safety
2. List essential skills needed to function as an effective team member
3. Identify key tools to enhance situation monitoring mutual support and coaching for team members
4. Identify resources that can be used to create a training program for front-line staff
5. Recognize implementation and sustainment techniques
6. Discuss the different roles of the coach
7. Create an action plan to implement the TeamSTEPPS™ model in participant organization.

TARGET AUDIENCE:

Physicians, nurses, pharmacist, healthcare technicians, social workers and case managers.
