

## **Beyond Surge Capacity:**

### **Mass Violence from the Health and Behavioral Health Perspectives**

June 27, 2017 | NJHA Conference and Event Center, 760 Alexander Rd., Princeton, N.J. 08540

---

**Registration** | 7 a.m.

**Fee** | Complimentary

**Program** | 8 a.m. – 3:30 p.m.

**Seminar** | EDU 1755

---

#### **Overview:**

Incidents of mass violence, including terrorist attacks, bombings and mass shootings, are especially devastating. The psychological consequences of directly experiencing or witnessing mass violence are often serious, with rates of Posttraumatic Stress Disorder (PTSD), Acute Stress Disorder (ASD) and other related conditions being two to three times higher than natural disasters. Acute presented by these attacks, the situation is likely to entail several foreseeable psychological hazards. It is important for leaders and decision-makers, as well as first responders and first receivers across all disciplines, to have the appropriate knowledge, awareness and skills to help manage the psychosocial consequences of mass violence as well as be familiar with the core elements of psychological first aid and how to access and effectively interoperate with the state and local disaster behavioral health system.

This full-day conference will provide education on the unique psychosocial effects of mass violence and terrorism, as well as strategies to mitigate the psychological effects after disasters of human intention.

#### **Participant Outcome:**

The participant will be able to discuss the psychosocial effects of mass violence on individuals, families, organizations, and communities and first responders and receivers, as well as strategies and techniques for managing the unique behavioral consequences of such events.

#### **Target Audience:**

Emergency management planners, decision-makers, hospital and healthcare providers, first responders, first receivers, public health workers, behavioral health workers and all disciplines involved in the tactical response to disasters, terrorism and emergencies.

### **Continuing Education Credits:**

#### **Medical Society of New Jersey Accreditation Statement**

HRET is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

HRET designates this live activity for **5.5** *AMA PRA Category 1 Credits*<sup>TM</sup>. Physicians should claim only the credits commensurate with the extent of their participation in the activity.
