

# REMEDIATING UNCONSCIOUS BIAS IN HEALTHCARE

COMPLIMENTARY  
WEBINAR  
EDU 1782W

**September 12, 2017**  
**3P.M. – 4:30 P.M.**

## **OVERVIEW:**

Prejudice and discrimination are detrimental to the success of any organization. Research demonstrates that we all harbor prejudices; at a minimum, everyone is subjected to their own unconscious bias. Unconscious bias is the result of messages (from a wide array of sources) introduced into our subconscious from an early age. Many of these prejudices that are deeply held in our unconscious can influence how we act toward one another in our organizations.

This complimentary webinar offered in partnership with the Association of American Medical Schools, intended to enhance awareness and training in order to create an inclusive culture that identifies and helps eliminate these hidden biases.

## **TARGET AUDIENCE:**

Physicians, nurses, residents, medical students, program directors and coordinators.

## **CONTINUING EDUCATION CREDITS:**

### **AMA Credit Designation Accreditation Statement**

HRET is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians. HRET designates this live activity for a maximum of **1.5** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
