## OVERVIEW:

On September 8, 2016 CMS finalized Emergency Preparedness Requirements for Medicare and Medicaid Participating Providers and Suppliers. Health care providers and suppliers affected by this rule must comply and implement all regulations on November 16, 2017. The purpose of the rule is to establish national emergency preparedness requirements to ensure adequate planning for both natural and man-made disasters, and coordination with federal, state, tribal, regional and local emergency preparedness systems.

Faculty from CMS Region 2 will provide a review of the provisions that apply to all 17 provider types affected by the final rule, followed by breakout sessions focused on nursing homes and hospitals. Emphasis will be focused on achieving compliance and integrating the Emergency Preparedness regulations into the conditions or requirements for certification.

## OBJECTIVES:

- To understand the requirements of the emergency preparedness rule
- To identify key action steps to achieve compliance
- To ensure integration of the emergency preparedness rules with other federal and state requirements

## TARGET AUDIENCE:

Hospitals and long term care facility executives, department managers, emergency preparedness coordinators, facility and environmental services supervisors and compliance officers.

## CONTINUING EDUCATION:

This continuing education program is sponsored/conducted by the Health Research and Educational Trust and is in compliance with N.J.A.C. 8:34-7.3 to provide licensed nursing home administrator (LNHA) and certified assisted living administrator (CALA) education credits accepted by the Nursing Home Administrators Licensing Board. This education activity may only be used for continuing education credit and not to meet academic college credits.

This education activity has been approved for **3.75** LNHA/CALA credits.
