

NJHA Antimicrobial Stewardship Collaborative In-Person Session

Dec. 11, 2018 | NJHA Conference and Event Center, 760 Alexander Rd., Princeton, N.J. 08540

Registration | 8:30 a.m.

Fee | Free

Program | 9 a.m. – 3 p.m.

Optional Lunch: \$30/person

Seminar | EDU 1832

OVERVIEW

The New Jersey Hospital Association's Institute for Quality and Patient Safety is committed to working with its members to improve hospital Antimicrobial stewardship programs and associated patient outcomes.

Improving the use of antimicrobials in healthcare to protect patients and reduce the threat of antimicrobial resistance is a national priority. Antimicrobial stewardship refers to a set of commitments and actions designed to “optimize the treatment of infections while reducing the adverse events associated with antimicrobial use.”

The mission of the NJHA Antimicrobial Stewardship Learning Action Collaborative is to promote the use of the appropriate agent, dose, duration and route of administration of antimicrobial agents both in the acute care setting and in the post-acute care setting in order to improve quality of patient care and patient safety while reducing excessive cost to inappropriate antimicrobial use.

Topics for the conference will include:

1. Updates from key stakeholders in antimicrobial stewardship in New Jersey
2. Updates on the NJHA Antimicrobial Stewardship Learning Action Collaborative
3. Innovative practices in acute care, long-term care and outpatient practice settings

Instructions for Team Poster Presentations

All teams participating in the face-to-face learning sessions are to create and present a storyboard outlining their efforts thus far in implementing their antimicrobial stewardship program. Sessions will be held in a gallery format with teams walking through and viewing individual storyboards.

Presentation Preparation:

- Describe one quality improvement project that improved their organization's antimicrobial stewardship program in 2018
- Storyboards should be no more than nine PowerPoint slides printed and placed on a tri-fold board
- One team member should be stationed at the storyboard to present the slides to participants during the designated session

Upon arrival the morning of the event, information will be provided for poster placement. Please send any storyboard questions to Shannon Davila at sdavila@njha.com.

LEARNER OUTCOME

After successfully completing the course, the learner will identify one implementation strategy to improve their current antimicrobial stewardship program set at their organization.*

*Successful completion of the course is defined as in-person attendance for 95 percent of the didactic learning session and a complete course evaluation.

TARGET AUDIENCE

Physicians, nurses, public health professionals, pharmacists, PharmDs

CONTINUING EDUCATION CREDITS

Medical Society of New Jersey Accreditation Statement

HRET is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

HRET designates this live activity for **5.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

New Jersey State Nurses Association Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the American Nurses Credentialing Center's Commission on Accreditation and New Jersey State Nurses Association by Health Research and Educational Trust.

Health Research and Educational Trust is an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Provider Number P131-2/18-21
