OVERVIEW:

This fast-paced program offers an overview of the changes and revisions that frequently occur within The Joint Commission (JCR) accreditation, as well as those requirements that will impact organizations in the near future. Attendees will stay ahead of the curve by reviewing both new and revised standards, the latest compliance issues, changes to the onsite survey and the National Patient Safety Goals.

CMS Update (November 5th)

For hospitals to participate in and receive payment from the Medicare and Medicaid programs, they must meet the eligibility requirements for program participation and obtain a certification of compliance with the Conditions of Participation (CoPs) set forth in federal regulations.

During this session, participants will gain a better understanding of the key elements of the Centers for Medicare and Medicaid Services CMS federal budget, have to incorporate the most recent CMS Quality Safety & Oversight (QSO) letters – formally Survey & Certification Letters – in day-to-day operations, identifying the most challenging Medicare CoPs and the most challenging deficiencies being cited, and will receive strategies to help their organization with its compliance efforts.

OBJECTIVES:

At the conclusion of this program, participants will be able to:

- Describe recent CMS activity, nationally and regionally
- Identify challenging Medicare Conditions of Participant
- Describe the revisions to Appendix Q for Immediate Jeopardy and Appendix V for EMTALA.

Hospital Tracers with Data Analysis (November 6th)

During this session, participants will learn how to identify types of tracers which assist in detecting gaps or potential risk points that could affect the safety and quality of patients' care review examples of focused evaluations and evaluate how tracer data can be collected and used to determine the effectiveness of process design in the delivery of safe, quality care.

TARGET AUDIENCE:

Nursing directors, managers, quality improvement directors, risk managers, safety directors, survey coordinators, healthcare professionals with basic knowledge of the standards, individuals responsible for coordinating or implementing TJC hospital accreditation and standard compliance and those who have been through a survey and frequently work with accreditation issues.
