Break free from yesterday's supply chain.*

Vizient Aggregation Solutions

NJHA Member Perspective

Webinar – July 10 at 2PM

NJHA has actively educated members about the value of aggregation beyond traditional GPO services. These solutions help members achieve greater results collectively than independently.

Join us for another insightful webinar that not only reviews aggregation options but provides insight on the onboarding process and experience of **fellow New Jersey members that have joined Vizient aggregation groups**.

This webinar will highlight participating member case studies and address these key insights:

- What were the objectives for participating in an aggregation group?
- What were the expectations for their onboarding experience, and how did the actual process compare?
- How long did it take to complete the onboarding process, and what were the demands on supply chain staff?
- What results have these members experienced from participating in the group?
- How has participation in a group supported their organizational/operational goals?

This webinar is an excellent opportunity to hear first-hand by NJHA members how aggregation has helped their organizations achieve better savings and lower costs.

For additional questions, please contact NJHA's Jo Ann Morgano; 609-936-2199;
jmorgano@njha.com.
