DRIVE SUCCESS WITH ICD-10 AND PDPM (LTC)

2019 Webinar Workshop Series

ICD-10 Diagnosis Coding Education and Instruction for Skilled Nursing Facilities

Beginning October 1, 2019, Skilled Nursing Facilities will implement the most significant change in Medicare Part A payments in decades with the Patient Driven Payment Model (PDPM).

With PDPM, the focus will shift from volume of services to resident need with verifiable patient-specific characteristics, treatments, and ICD-10-CM diagnosis codes will drive the SNF payment.

Objectives

- These coding workshops will help you become proficient in ICD-10 CM diagnosis coding, and documentation requirements associated with accurate coding
- Participants will gain an understanding of the following:
 - Transition from RUGS to PDPM
 - Prepare LTC staff for conversion to PDPM by providing basic to advanced ICD-10 CM education and practice
 - Learn to navigate the ICD-10 CM book, coding guidelines, conventions and importance of code specificity
 - Understand how ICD-10 CM codes impact Medical Necessity, Clinical Documentation Integrity and the “query” process to clarify documentation
