# Ready. Set. Code!
## DRIVE SUCCESS WITH ICD-10 AND PDGM (Home Health)

### 2019 Webinar Workshop Series

## ICD-10 Diagnosis Coding Education and Instruction for Home Health Agencies

Beginning January 1, 2020, Home Health Agencies will implement the most significant change in Medicare Part A payments in decades with the Patient Driven Groupings Model (PDGM).

With PDGM, the focus will shift from volume of services to patient need with verifiable patient-specific characteristics, treatments, and ICD-10-CM diagnosis codes will drive the Home Health Agency payment.

### Objectives

- These coding workshops will help you become proficient in ICD-10 CM diagnosis coding, and documentation requirements associated with accurate coding

- Participants will gain an understanding of the following:
  - Transition from Home Health PPS to PDGM (How and Why)
  - Prepare Home Health staff for the conversion to PDGM by providing basic and advanced ICD-10-CM education and practice
  - Learn to navigate the ICD-10-CM book, coding guidelines, conventions, and importance of code specificity
  - Understand how ICD-10-CM codes impact Medical Necessity, Clinical Documentation Integrity, and the query process to clarify documentation
