

HRO in Healthcare: How are we doing, New Jersey?

March 4, 2020 | NJHA Conference and Event Center, 760 Alexander Rd., Princeton, N.J. 08540

Registration | 8:30 a.m.

Fee | Complimentary

Program | 8:45 a.m. – 3:45 p.m.

Optional Lunch: \$30

Seminar | EDU 2044

OVERVIEW:

Health Research and Educational Trust of NJ launched an HRO collaborative in 2017 to build and develop best practices in High Reliability to share and stimulate adoption throughout the state. It's time to bring all the experts together to share what we've learned and discuss how to sustain our momentum. Patient safety is on the top of everyone's list of priorities. Have our efforts provided measurable results in reducing patient harm? Do our culture of safety survey results indicate that our staff feel safe to report? Have we created the fair and just culture we had hoped to? Join in the discussion with expert panels of physicians, quality directors and leaders across the continuum of care.

TARGET AUDIENCE:

C-suite, physicians, nurses, quality and safety directors, rehabilitation facilities, hospice, home health and long-term care providers.

INNOVATION in High Reliability, Patient Safety and Quality POSTERS REQUESTED

Storyboards can be displayed as no more than six PowerPoint slides or a poster. The day of the conference, bring printed slides/poster affixed to a trifold board to NJHA. When you arrive the morning of the conference, you will receive information indicating which time and table location your storyboard should be posted on. These sessions will be held in a gallery format.

If you have any questions regarding the storyboards, please contact Kathryn Collins at kcollins@njha.com.

HRO in Healthcare: How are we doing, New Jersey?

March 4, 2020
Agenda
