# *Change the Game in Healthcare Payments*

Webinar

*Tuesday, February 25 @ 2PM*

In the rapidly changing payments landscape, does your organization have an up-to-date payment strategy that benefits you and your suppliers?

Join NJHA and [CommerceHealthcare®](#) as we examine five key focus areas your organization can use to develop a flexible and comprehensive payment portfolio.

In this session, we'll review:

- Guidelines for aligning your payment strategy with key goals
- Ways to create winning relationships with suppliers
- Trends and changes in supplier payments and how to leverage them
- Options for enhancing your current card program to generate additional revenue
- Tips for partnering with a payments provider

[CommerceHealthcare®](#) delivers a fresh perspective on healthcare financial solutions by focusing on receivables, payments and lending.

[CommerceHealthcare®](#) develops long-term partnerships with healthcare providers through automated payment products, patient financing and lending solutions. With tailored ROI-based solutions, hospitals can find cost savings, improve cash flow, and optimize revenue and payments.

Learn more about streamlining financial processes *without* replacing your current payment provider.
