

Getting Results and Making the Most of Having an Infection Preventionist in Assisted Living & Skilled Nursing Facilities

WEBINAR SERIES

NOV. 18 (SNF & AL)
DEC. 16 (SNF & AL)
JAN. 20 (SNF)
JAN. 21 (AL)

EDU 2068W

Fee: Member/Non-member - \$199 per participant for 3-webinar series

OVERVIEW:

This three-webinar series taught by the LW Consulting, Inc. team of clinicians and administrators with long term care experience will address how to successfully integrate an infection preventionist into a nursing home's or assisted living community's operations and quality improvement program.

- **Session 1, Nov. 18, 2-4 p.m.** will focus on the underlying federal and state requirements for infection prevention and control.
- **Session 2, Dec. 16, 2-4 p.m.** will address the roles and responsibilities of the infection preventionist vis-à-vis the facility's team, with particular emphasis on policies, procedures, hand and respiratory hygiene, surveillance, QI and respiratory protection programs.
- **Session 3, Jan. 20, 2-4 p.m. for nursing homes** will focus on QAPI, the team members' commitment and strategies for success and; **Jan. 21 2-4 p.m. for assisted living communities** will focus on the impact on the roles of team members and how to get results.

OBJECTIVE:

- To learn steps for successful integration of an infection preventionist as part of your facility's leadership team
- To maximize results through ensuring commitment of facility leaders and team members

LEARNER OUTCOME: Upon completion of the program, the learner will state the steps for successful integration of an infection preventionist in their facility's

Successful completion of the course is defined as attendance for 95% of the webinar learning session(s) and a completed course evaluation for each session.

TARGET AUDIENCE:

Administrators, directors of nursing, infection preventionists and members of the leadership team in skilled nursing facilities and assisted living communities.
