

The Gift of Good Health!

For Everyone on Your List

Seniors

**FREE
Top
Value**

Show the love with presence, not presents. Seniors, especially those living in nursing homes or assisted living, are more vulnerable to COVID. The booster shot is a must-have to enjoy a holiday season of family, friends and visitors.

Adults

For those juggling work, home and family, there's no time to be sick. The COVID booster shot is a thoughtful way to show you care. It provides continuing protection and is available now for those 18+.

Teens & Tweens

Hard to buy for? Not this year. The COVID shot provides a layer of protection at school, sports and other can't-miss events. Gift them with the Pfizer vaccine, available at pharmacies, hospitals and other locations.

**FREE
Unbeatable**

Kids

Keep them safe with a junior-sized dose from Pfizer for kids ages 5-11. The shot is fully tested for safety and effectiveness for the younger set. Talk to your child's health-care provider for more details.
