

## Registration Form

### Bridging The Gap (BTG) Interpreter Training

The New Jersey Hospital Association and Intersys are presenting this joint educational offering, developed by the Cross-Cultural Health Care Program (CCHCP).

---

Effective medical interpreters are an important part of the healthcare team. Providing a live medical interpreter will allow you and your organization the ability to overcome language barriers, increase quality of care and patient safety, as well as enhance patient experience. The Bridging the Gap (BTG) medical interpreter training will give you the essential skills to communicate sensitive medical information.

Bridging the Gap (BTG) interpreter training is a 40-hour professional development program that prepares bilingual individuals to work as medical interpreters. It is the leading medical interpreter certificate program in the country and used to train novice and experienced medical interpreters. It is accepted by both accredited national certifying bodies, the Certification Commission for Healthcare Interpreters (CCHI) and the National Board of Certification for Medical Interpreters (NBCMI). No interpreting experience is required to take the class.

### **REGISTRATION INFORMATION**
