

# Verizon has the networks that **move business forward.**

Verizon can help connect your solutions, so you can add automation and connectivity across platforms.

Let's unleash your business, together.

## America's Most Reliable 5G Network.<sup>1</sup>

Verizon works with you to bring your business online. Measure and improve operations and create a truly digital and secure workplace— one where you can better serve your customers.

Verizon is ranked #1 in Customer Satisfaction with Small Business Wireless Service two years in a row.

—J.D. Power<sup>2</sup>

## Coverage where it counts.

Verizon delivers award-winning network quality for reliability<sup>1</sup> and is leading in 5G innovation. With backup generators at cell sites, Verizon helps keep your critical communications connected when the unexpected occurs.

## Tools and services that drive innovation.

Our strategic relationships with Amazon, SAP and Microsoft allow us to help you streamline connectivity initiatives.

## Expertise that meets the moment.

We bring deep technical and professional experience managing complex projects for businesses of all sizes.

## Pricing that's clear to everyone.

We apply the correct plans, credits and promotions to deliver a simplified and straight-forward billing experience.

# It's your business. **It's your Verizon.**

With Verizon, you're in charge. Small business advisors bring customized insights to help you achieve your goals.

## World class support that can drive your success.

Top technologies and services can alleviate pain points so you can reach your goals. We work with you to anticipate your needs and find solutions.

## Ready for your digital transformation.

Regardless of your size and how long you've been in the game, Verizon is your strategic partner, connecting you to the technology that powers your ambitions.
