# I-PAC Technology Vendor Showcase

Wednesday, April 10, 2024 | 9 a.m. – 12 noon

NJHA Conference and Event Center | 760 Alexander Road | Princeton, NJ 08540

Your team members have increased their knowledge in the I-PAC webinar series, now augment their expertise with the latest technology solutions. NJHA and its Health Research and Educational Trust present this complimentary vendor showcase giving long term care leaders an opportunity to see the latest technologies in action and engage directly with vendors to learn more about tools that support infection prevention and control. By leveraging the power of emerging solutions, healthcare teams can save time, reduce burden and – most importantly – make care better and safer for their residents and patients.

**Add technology to your infection prevention toolkit!**

## Featuring

- **BioVigil** | electronic hand hygiene compliance monitoring solution
- **HealthConnex** | infection prevention and control reporting platform
- **LifeAire Systems** | medical grade air disinfection systems
- **Premier** | software for infection surveillance/control/reporting data
- **Surfacide** | UV surface and air disinfection technology
- **Nozin** | nasal antiseptic

## Who Should Attend

*Administrators, infection preventionists and other key staff of New Jersey's long term care facilities*

This free I-PAC event is made possible by funding from the N.J. Department of Health and the Centers for Disease Control and Prevention as part of the Nursing Home & Long-Term Care Facility Strike Team and Infrastructure Project.
