

There's a **smarter** way to manage your business phones.

Get Verizon Business Complete¹ — the end-to-end phone solution for how you do business today.

Verizon Business Complete is a smartphone rental and wireless plan that encompasses your business phones' life cycle.

With this device-as-a-service solution, you get it all:

- Phone setup and user onboarding with expert support
- Verizon Mobile Device Management (MDM) to help you easily implement and enforce your security policies
- 24/7 smartphone support for hardware, backups and Wi-Fi connectivity
- Device protection with repairs and replacements, including same-day replacement and unlimited cracked screen repair²
- Retrieval and recycling of phones

¹ Verizon Business Complete is not available in New York or for New York customers. Monthly price per line. Taxes and fees apply. Customers have the flexibility to rent their smartphone and access tech support by choosing our Verizon Core Mobile Bundle. Verizon Core Mobile Bundle does not include Wireless Phone Protection for Verizon Business Complete, which provides protection for covered devices.

² Terms and conditions apply. Please ask your account representative to provide you with the applicable brochure and terms and conditions for additional information regarding Wireless Phone Protection for Verizon Business Complete benefits. All same-day device delivery and setup services are available in select locations, which are subject to change at any time, and are contingent on certain criteria, including customer location, technician availability and inventory availability. Same-day device delivery and setup for insurance replacements is available for select smartphones with approved claims, with eligibility determined at time of claim approval. Replacement device could be new or refurbished.

Upgrade fee: \$75 for device upgrade within 24 months of enrolling a new device. IMPORTANT CUSTOMER INFORMATION: Subject to business agmt, calling plan & credit approval. Up to \$75 early termination fee. Offers & coverage, varying by svc, not available everywhere; see vzw.com. While supplies last.

Comprehensive benefits

Productivity enhancements

- Give your team the tools they need to work more efficiently.

Support for sustainability

- End-to-end device management from procurement to disposal supports your business's sustainability goals.

Predictable costs

- The switch from capital expenditure to operating expenditure models can help your business reduce up-front device costs and move to predictable monthly payments.

Reduced IT burdens

- Outsourced device management helps free up IT team members while also streamlining smartphone deployment, support and offboarding — enabling teams to better focus resources on strategic projects.

Simple, cost-effective scalability

- Give your team the tools they need to work more efficiently.

Productivity enhancements

- A scaled device fleet as needed — helps streamline onboarding for quick adaptation to growth or demand fluctuations.
