

VeCred Enhanced...

*The All-in-One Solution for License Verification and Exclusions Lists
Accesses More Data Sources!*

Developed by the IT experts at the New Jersey Hospital Association, VeCred Enhanced, is the go-to-resource for New Jersey hospitals for clinical license verifications and state/federal exclusions. Since 2005, VeCred Enhanced has helped providers automate the verification process, save time and perform thousands of look-ups in a matter of minutes, eliminating human error.

This easy-to-use-web based solution is now even more valuable with a new software enhancement that accesses additional data sources! Imagine the power of one system that can access different data sources, each unique with their individual update time tables, to give you the accurate information you need.

Take a quick look at the expansive data sources that VeCred Enhanced references:

For New Jersey License Verification

- New Jersey Division of Consumer Affairs
- PSI: NJ Certified Nurse Aide (CNA) licenses
- New Jersey Department of Health

For Exclusion Searches

- New Jersey Department of Treasury
- System for Award Management Exclusion Database

- Office of the Inspector General Federal Exclusion Database
- New Jersey Medicaid Exclusion Database
- New York Office of the Medicaid Inspector General Medicaid Exclusion List
- Pennsylvania Medichex List
- Connecticut Department of Social Services Administrative Action List
- Delaware Listing of Sanctioned Providers
- Maryland Medicaid Sanctioned Provider List
- Ohio Medicaid Exclusion List

With several features like user verification activity logs, batch summary reports and other options for streamlined mass verifications, VeCred Enhanced provides all back up and history for audits.

As license verifications and exclusions requirements continue to change, NJHA will always be your partner by accessing the most relevant references with its premier license verification and exclusion search solution, VeCred Enhanced!
